

## **No Surprises Act Notification**

"Right to Receive a Good Faith Estimate of Expected Charges" Under the No Surprises Act

Under Section 2799B-6 of the Public Health Service Act, health care providers and health care facilities are required to inform individuals who are not enrolled in a plan or coverage or a Federal health care program, or not seeking to file a claim with their plan or coverage of their ability, upon request or at the time of scheduling health care items and services, to receive a "Good Faith Estimate" of expected charges. So, if you do not have health insurance or if you have health insurance but will not be submitting for reimbursement from your insurance for the psychological services you receive, then you have the right to a "Good Faith Estimate" to help you estimate the expected charges they may be billed for receiving health care services from me.

For questions or more information about your right to a Good Faith Estimate, visit [www.cms.gov/nosurprises](http://www.cms.gov/nosurprises) or call (800) 368-1019
